Dearest Wendy,

I'm still ~~in pain~~! I've not ~~been~~ come across anyone from as far back as we. So good to talk to you and reminisce these rare days I wish time was over again so simple. Anyway all the memories aside, the reason for this letter,

I have been awful of your product, Calmoceptine, for over 12 yrs now. I first discovered it with my son Beth. I was having a real battle with "diaper rash gone mad" I tried everything, even airing him out with no diaper on what a mess. I bought overy balmment on the market. But (too pun intended) @ because of the seriousness of his rash, open

-2-

But as you can guess I just get out the good old Calmoceptine and next day its healed. I love how it stays in place on your skin and the cool sensation is so nice.

My husband is AWEER ALSO. HE WOULD TEAL HARD ALL DAY IN A CAR FACTORY, SOME-TIME HE GETS A HEAT RASH. TIME FOR CALMOCEPTINE.

I can't thank you enough for your product. The reason for the call in the first place was, I could not find it in the stores NEAR ME. I WAS DOWN TO MY LAST APPLICATION I SAID TO MYSELF. "TIME TO CALL THE MANUFACTURER ON THE LABEL. I NEEDED MORE!!! HELP!!!"

THE REST IS HISTORY
