

Dear Wendy:

1-16-94

Just thought I'd let you know how wonderful the Calmoseptine ointment is. My mother-in-law and I call it "Liquid-Gold", because it really is!!!

I was taking care of a 10mos. boy who had a raw diaper-rash for 2 weeks, I applied some Calmoseptine ointment and it was completely gone in just 3 days.

I have chronic cold-soars in the winter. Now when I feel one starting, I immediately apply the ointment, and it stops it from blistering.

Calmoseptine is really a Gift from heaven!

Sincerely,

Nanci Wells
